

# Dairy Maze

**Dairy Farm** –  
where cows live and  
milk is produced.

Kentucky has many dairies and farmers who raise cows for milk. Milk is made into dairy products important for strong teeth and bones.

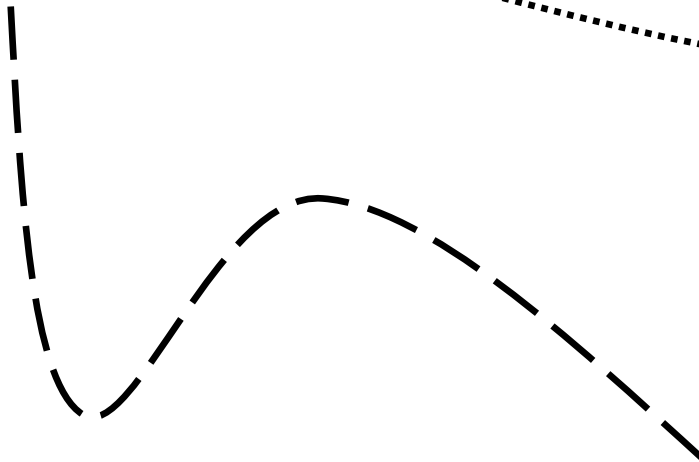

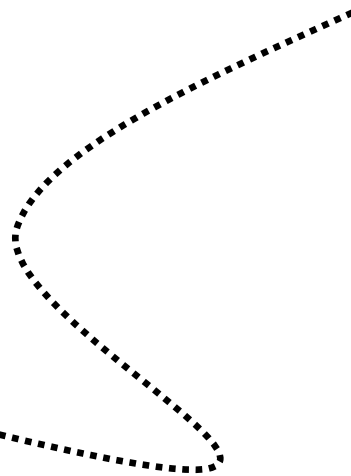

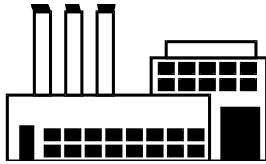

Trace the path milk takes from the farmer's dairy to you.

**Milk Hauler** – takes milk from  
the dairy to the processing plant.

**Processing Plant** – where milk is  
made into butter, cheese, ice cream  
and other dairy products.

**Grocery Store** –  
where you buy dairy  
products
