0001QM	S. S. Coop., Inc., Park City, KY 42160
0001QN	S. S. Coop., Inc., Winchester, KY 40391
00022P	Willard Milling Co., Willard, KY 41181

Note: Firms manufacturing both custom mix and registered feeds are not listed as exempt since exemption is provided only for ingredients used in registered feeds. It is recommended that an ingredient supplier report and pay the inspection fee on ingredients sold to firms that are not shown as exempt. The sales invoice may indicate "Kentucky Inspection Fee Paid" to inform the buyer.

All ingredient sales must be reported as either exempt or non-exempt in Table 3 of the Commercial Feed Tonnage Report. Sales declared as exempt must be documented by completion of Table 4 identifying the exempt purchaser and amount of the ingredient purchased. For exempt sales through an intermediary, jobber, broker, etc., the Kentucky company receiving the ingredient should be identified in Table 4. Brokers, jobbers, etc., should identify the KENTUCKY destination to enable the ingredient supplier to make an accurate report of distribution.
