This dairy laboratory resource listing was compiled by Regulatory Services personnel at the request of the Kentucky Milk Handlers Advisory Board. It is intended to provide Kentucky dairy industry representatives with a basic list of alternative dairy laboratories along with a general description of services provided by each listed lab. The listing is for informational purposes only and is not intended to be a comprehensive reference of all US dairy labs. A lab's appearance on this list does not constitute an endorsement. Information regarding specific testing procedures and costs should be directed to each specific lab. Suggested amendments to this document should be directed to Regulatory Services' Milk Program at www.rs.uky.edu or 859-257-2785.
