

Division of Regulatory Services
University of Kentucky
Lexington, KY 40546-0275

REGISTRATION OF COMMERCIAL FEED MANUFACTURING FACILITIES

Pursuant to Authority of KRS 250.511 any person manufacturing a commercial feed in Kentucky is required to have on file with the Division of Regulatory Services his or her name, place of business and location of each manufacturing facility in Kentucky.

For the purpose of maintaining a current file of feed manufacturers as required under KRS 250.511 of the Kentucky Fed Law, the list of manufacturers on file will be purged quarterly of all facilities not having current tonnage reports.

Firm so purged will be notified at the address of record and will be given the opportunity of being reinstated if the Division is notified that reinstatement is desired.
